Application No.: 10/826,096
Filing Date: 04/16/2004
Art Unit: 3764
Title: Reciprocating Weight Exercise Apparatus

To the Office of Initial Patent Examination's Filing Receipt Corrections

The Filing Receipt originally mailed in June was apparently lost in the mail and I just received the duplicate Filing Receipt.

There is an error in the last name of the applicant. The applicant's last name should be DANTOLAN not "Dantolen." I am sorry for the mistake in the papers that I filed and hope that the file will be corrected.

Very truly yours.
